PROJECTS

News App
https://meshv-p.github.io/newsapi/

This is News app, in which you will get current news around world. Moreover, You will select different categories in it.

Mnotes
https://mnote.pythonanywhere.com/

This is Notes Website. In this you can save your Notes(import word, pass, etc.) without any worries, as I have used Django . which provides best security. Likewise, Your all notes will be synched and save in database. So You can access Your notes anywhere, any device. Just Login....

iNotebook
https://inotebook-meshv.netlify.app/

Your notes saved in cloud, Made with MERN Stack..

TextUtils
https://meshv-p.github.io/text/

Get your text in perfect way, in which you want. Count a word, a character and more...
